"Time to make the donuts"

I mentioned to you that my father might've been interested in seeing the studio, right?
Yes, I believe you did.
Would it be OK if I brought my Dad and RC here for a tour?
What brought this on?
I don't know. Just seemed like something to do.
It seems kind of unlike-
Wait - your boyfriend AND your father!?
Yeah.
What?

Why bring your boyfriend and your father here at the same time?
Just seemed convenient I guess. I won't need to set up two visits this way.
Besides, I thought they might keep each other in line
Hmm - You worried your father might give away where you work, or sell out the boyfriend?
Not really. If anyone tells where the other was, they give themselves away too.

...
Whoa girl, You're a genius!
Only from time to time.

I'll tell you right now Dad, even though it's an adult film studio, it's not really a big deal.
Oh, I'm not expecting everyone to be running around naked or anything like that.
In fact, when I brought Tabitha to the studio, it-
You actually took Tabitha into the studio!?
Whoops.
It's OK. Zig and I went to great pains to keep her away from anything objectionable.
Sorry about that Dad.
Oh well. No harm done, I guess.
It does explain a thing or two though.

Thank you for the pizza, mistah pizza man, but uh-oh, I gots no money to pay for it!
Oh no! Whatever shall we do!?

"A meeting of minds"

Well, ready to visit the studio?
I suppose so.
Hi Sabrina! So, when do we start this tour?
Well played, young lady.
She is a clever one.

Dad, RC,
I'd like you to meet my boss.
Zig Zag.
We've met before.
That's right of course, so why DO we keep meeting like this?
w-what!?
I mean really! ogling me right in front of your girlfriend! Isn't she good enough for you?
NO! I MEAN YES!
heh heh heh.
-and YOU! You're a married man! Shame on you!
Duhhrr...
This could be fun.

"Bouncy personality"

This way gentlemen, and we can see...
Ready for my scene boss. Have you seen my-
who's your friends?
Some friends of Sabrina's, we're taking a tour.
Good to meet you guys Sabrina's pretty cool around here.
Uhhmm-. thanks.
©EWS
Ok Zig, catch ya in the studio!
OK, who wants to watch a scene being shot?
wow.
"wow" what?

May I speak with you alone briefly?
What is it?
I don't know if Sabrina's told you or not, but we're a rather traditional family, Sabrina's mother especially, though I'd be lying if I said I wasn't concerned too.
So, should I be worried about my daughter working at a place like this?
I can appreciate your concern. Almost makes me wish I had parents like you. Sabrina doesn't work in the films. She just does the graphic design and web work.
She's probably the most moral and prudish friend I have. It's kind of annoying really.
I suppose that's some comfort. I was worried working here might corrupt her.
Well, it's not for lack of trying.

Timmy! where'd you get that!?
You know Sabrina doesn't like it when you swipe her toys!
Nuh Mine!
I'd better put this back on her shelf.
A BIT LATER
Whoa, you're alive! We thought the child got you!
Ehh - that kid not so bad really.
Uh-oh here go again.
Yeesh!

Joo.. that's what it looks like when an udult film is shot.
Not quite so romantic, is it?
I noticed you didn't come in with us.
I already know what goes on in there, so I don't need to watch.
Seeing it like that, it's really more of a turn-off than anything else.
I've always thought so.
Could be a nice source for ideas, however
Don't start.
Don't forget I'm right over here either.

"Oh look, a desktop screen!"

Here's my workstation.
I do the website files and design work from here.
Video covers, advertisements, stuff like that.
ahh...
neat!
So sorry I didn't have naked pictures ready to go on this thing!

Sheila Vixen, right?
Hi! I know you! You watched the taping!
Yes, that's right.
I must say, it was a rather —ahem!— powerful performance.
HOOSH!
Aww, you're so sweet! Thanks!
Hey babe! SMOKIN' shoot!
You should know, stud!
Wanna get some dinner?
Yeah, I'm hungry.
Ah yes.
Sometimes you just have to be reminded that you're an old fart.
Who's grampa?
Some guy touring the place. He's nice! He likes me!

Well, it's definitely been an interesting time.
Yeah, thanks for the tour. It was fun.
I enjoyed it too.
I'd give you a big kiss R.C., but I promised Sabrina I wouldn't.
Uhhh— thanks?
I imagine your wife wouldn't approve if I kissed you, hmm?
THUD!
You're absolutely right of course. I'm sure that she—

Certainly an experience I'll never forget.
Talk to you later online, OK?
Sure thing You behave yourself.
What're you doing?
Don't you want to clear off any suspicious hairs?
I don't think I need to worry about that.
You might if they look like this.
Whoops.

"No prescription drugs involved"

I'm home! What a long day.
Hi Bina!
Up! up!
So, how went the tour?
Definitely interesting. It handled itself mostly. Still, it was tiring keeping track of it all.
Anyway, it's nice to get home and rest.
I'd guess RC and my dad feel pretty much the same way.
Honestly, Warren. What's got you so frisky tonight?

OK, it's pretty obvious what's wrong here.
It won't turn on, so it must be the power supply.

Looks like my only remaining option is to contact the company and get the board fixed.
I didn't expect that I'd have to hook up my old Amiga again just so I can get back on the net,
- so I can set things up to send my system back for repair...
- to Germany.
Sometimes you'd almost think I was living out events from someone else's life.
SHH!

OK, I've made arrangments to send the Pegasos motherboard back for repair.
Now all I need to do is figure out the best way to ship the thing overseas.
Problem?
Not really Arcee. I'm just working out the details to get my computer fixed.

"The Beast Wars toys knew how to keep their mouths shut!"

Sheesh, it's happening again. Whenever I get stressed, I start thinking the toys are talking to me
Who am I to argue?
So, what are you doing here?
I dunno. Just thought it looked like you needed someone to talk to.
I guess I can appreciate that, even if this is all just my mind playing tricks on me.
Whatever. Anything I can do to help here?
MEANWHILE, ON THE SHELVES.
Holy crap! Is she talking directly to the mistress?
Hrr hh—
Me knew we should've left her mint in package.

So you're saying Grimlock is your leader?
It's only fair. He won the shelf-unit election.
How could someone like that win an election?
Hard to say. I guess he's got that not-so-bright yet tough charisma that the voters go for. You can probably relate.
Yeah, I suppose I can.
I voted for Ultra Magnus myself.
I would've expected Optimus Prime would win.
Maybe, but which one? There's twelve on your shelves over there.
Oh, yeah.

OK, while you finish filling out those forms, I'll write up the cost.
FRAGILE
ok.
All right, with packing materials and international shipping, the total will be $99.44.
How much for just the box?
Seven bucks.
deal.

Thank goodness it was much cheaper to send the board to Germany from the post office.
But what will I do for a computer while I wait for the Pegasos to be fixed?
I could use my old Amiga, but it's pretty slow nowadays.
-and then there!

What're you doing, Whirl?
What's with the fish bowl?
©EWS
Call me Jolt today. I'm trying to look like the toy with my name.
According to the bio on the back of the package, I like the internet and web-comics.
This comic looks pretty good.
This toy looks nothing like you.
Apparently, this comic has been going since September 1996.
Nine years and that's all to show for it, huh?
It also means next year is the tenth anniversary. The author should do something about it.
I'm sure someone will remind him.

©EWS

Hey Sabrina.
Hi Zig.
EWS
You're working later than usual.
My computer conked out, so I'm borrowing machines here for my net surfing until it's fixed.
I'm shocked! How dare you use my studio and company equipment like this?
Sorry, I didn't think you'd mind.
Nah, it's fine. Anything that lets me spend more time with you is great with me.
Oooh, don't I feel lucky.

Back online?
Only sort of.
©EWS
I'm using the computer at work right now.
Ah. Guess I need to watch what I say then, huh?
Yup.
It would probably be a bad idea to start fooling around over IM then ;)
Definitely.
Oh, go ahead. I think seeing you talk dirty would be really cute!

Greetings,
I'm checking in to ask how soon the motherboard I mailed in for repairs would be fixed and returned.
When was it sent? Nothing has arrived here at all.

UNPRINTABLE
The package was mailed out over a month ago! How could it not have arrived by now?
Sometimes there are delays with international shipping and customs, but it's more likely that it could be lost forever.
oh God.
Oh wait, here it is in the corner.
It will be sent out Monday

I'd just like to know how it all works.
Well, it's traditional for people to give each other gifts on this holiday.
And you're the gift?
Right. I was bought at a Toys 'R' Us for someone named Sabrina.
Some guy named Santa is involved somehow too, I think.
Why do the people do that?
To make each other happy I guess.
But what about this time of year made gift giving a tradition?
Look, I don't wanna hafta explain every last thing to you.
You also probably don't want to know Sabrina already bought one of you online last week.
